### Client Spotlight: Brill Creative

**Owner:**  
Dan Brill

**Description:**  
Independent firm specializing in advertising and marketing

## Thanks for a Fabulous First Year

Time flies when you are having fun and this past year flew by in what seems like an instant. It is hard to believe that just over a year ago Seeba Family Enterprises took over operations. Over the past year we have made a number of improvements, learned a lot and added many new clients to our business community. It truly has been a year of positive change and progress.

On July 10<sup>th</sup> we celebrated our first year of success in style by hosting a networking happy hour in the business lounge.

Special thanks to everyone who joined us in celebrating including members of the City of Blue Ash Administration and to our friends at MVD Communications for sponsoring the beverages and beverage service.

Of course, we could not have had such a successful first year without all of our valued clients and the members of the Blue Ash business community. The BAOS

team would like to send a heartfelt thank you to the community for your continued business and for putting your trust in us as we worked through the transition and growth. As we move forward and look toward many years to come and many other improvements on the horizon it is our hope that our clients' businesses will continue to thrive and grow. The goal at Blue Ash Office Suites is to be more than just a building where people work. The goal is to be a community and a network where people work together for many years to come.

### **Sometimes you need a bus. Other times, a bug will do.**

Is bigger always better? Large ad agencies have enjoyed a lofty seat of assumed superiority for decades. But, now a new chapter is being written in the industry, authored by astute and adaptable entrepreneurs.

While big agencies slash their creative staffs to cut costs and increase THEIR profits, they still frustrate clients with bloated, in-house bureaucracy and sluggish turnaround. **Brill Creative** does things differently. By combining forward-thinking creative with consistent responsiveness and execution, Brill solves problems and grows business for its clients.

While doing so, Brill Creative regularly draws from the same top tier talent as the larger agencies. This allows them to take on a brand's toughest marketing challenges, big or small, with experience and quality that rivals any agency. "I feel like Brill is a direct extension of my own team," says one client. Is there any higher praise?

If you need a busload of talent to execute a major campaign, they can fill every seat with the biggest brains around. But if your project requires a small, nimble band of creative thinkers, Brill can do that too. They build a team to fit your needs, not the other way around. So when all you need is a compact car, they keep the big rig in the garage.

Brill Creative's novel way of doing things seems to be working, too. Just ask clients like University of Cincinnati, Fifth Third, NASA, US Bank, and Delamere & Hopkins.

*If this evolved way of doing business sounds appealing, you can kick the tires and see which vehicle suits your situation. Learn more at: [baos-brillcreative.com](http://baos-brillcreative.com)*

# At Your Service

Do you ever find yourself with too much to do and too little time? It seems we could all use an assistant to keep up with everything that needs to get done in a day. Luckily, you do not have to hire a full time assistant. The team at Blue Ash Office Suites is here to help you anytime you need it. From making follow up confirmation calls to preparing expense reports and presentations we do it all. Just think of us as an extension of your team. Administrative and concierge service is just \$30 per hour and is billed in 6 minute increments so for as little as \$3 you have an as needed team member at your service. A little extra help can help you manage time, improve efficiency and

presents a professional image for your clients.

Other value added services are available to provide convenience and assistance to your business. Phone services such as remote forwarding and call routing allow for greater connectivity with clients and associates. Cable television in your office can provide entertainment and important news updates throughout your work day. Ask about technology services available to enhance your network capabilities.

BAOS Services are designed to meet your business needs.

## Blue Ash Office Suites Client Net

As part of our commitment to foster a collaborative environment within our business community and encourage networking throughout the suite, Blue Ash Office Suites is introducing BAOS Client Net as a way for our current clients to connect and share information about business and services.

This will be an "opt in" group to ensure that no contact information is shared without consent of your business. Clients who choose to take

part will be listed on a master client list available to other clients and business community members. Additionally, a web group is in development with discussions forums and uploaded information on participating businesses, special member to member offers and announcements on upcoming suite events.

Please contact Julie at [jkrause@blueashofficesuites.com](mailto:jkrause@blueashofficesuites.com) if you are interested in joining.
